

# STUDY COMMUNITY SERVICES AT KIT

## KIT KIRIBATI INSTITUTE OF TECHNOLOGY

### THE KIT DIFFERENCE

- This course is delivered by KIT through a training agreement with TAFE Qld (RTO Code 0275) and is subject to on-going quality assurance checks. It must meet the Australian VET Quality Framework standards for qualifications to be issued. The course is recognised in Australia and around the world.
- Our dedicated staff are consistently up-skilled and trained by specialised short and long term Australian technical advisers.
- The KIT campus provides a friendly, safe and clean environment to learn in, with all the latest equipment for practical training.
- All students participate in relevant practical activities and learn work related technical skills.
- Students also learn core employability skills, computing skills and English language so that they are confident and work ready.

### COURSE DURATION/FEEES

- The community services course is delivered over five terms.
- \$150 per semester
